

FIG. 1

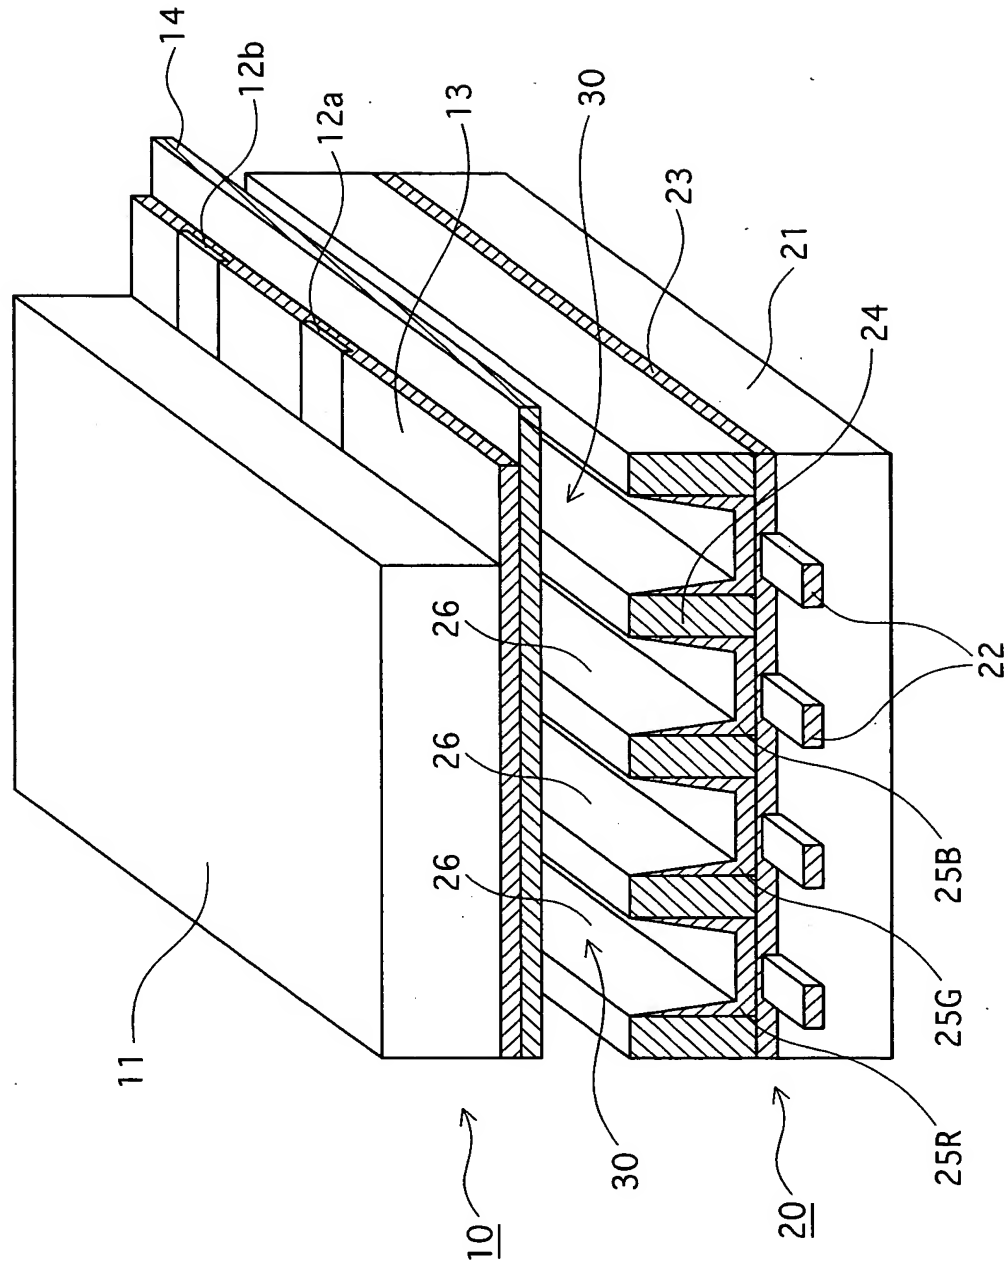

FIG. 2 is a cross-sectional view of a device 20. The device 20 is shown in a perspective view, revealing its internal structure. It consists of a rectangular frame 40, which is defined by a top edge 41 and a bottom edge 42. Inside the frame 40, there are five vertical rectangular elements 24. Each element 24 is composed of a top layer 25G and a bottom layer 25B. The elements 24 are separated by vertical dividers 26. The entire assembly is mounted on a base 27. A dashed line A-A is shown on the left side, and a dashed line B-B is shown on the right side.
